The new NV Porto Reserve Ruby, juicy, sweet (102 grams per liter of sugar) and tasty, was produced with young wines from 2020 and 2021—wines with some structure. It's primary, undeveloped and straightforward. 3,000 bottles produced, but they can produce up to 6,000 bottles per year with the idea to have a yearly lot to be bottled within the following 12 months.

Producer: Van Z

From: Portugal,

Color: Red

Type: Fortified
