## **Valderiz Valderiz Cosecha 2020**

(14.5%)

It's almost unfair on a wine like Valderiz to be tasting it at such a young age, such is its proven cellaring potential, but you can already get a sense of how it will develop. Sourced from seven different parcels in Roa de Duero, it's a powerful, compact, sturdy wine that needs more time to integrate its 50% new French and American oak. Trying a little too hard?
